1st Verse:

Didn't I...give my love.  
Didn't I...keep my word.  
Didn't I...keep you laced; drop my cash in this place.  
Didn't I...give my heart.  
Didn't we...live like stars  
Didn't I...spend my checks; kept you first; gave my best.  
Didn't you...want big things  
Didn't I...give my ring  
Didn't I...give my hand, take a stand, like a man  
Didn't we...make these plans  
Didn't I...take this chance.

But it all seems it was for nothing, it seems like...

Chorus:

I need somebody; not just anybody...  
Someone to love.  
I need a woman; not just a baby's mama...  
Someone to love.  
I need a lover...in holy matrimony...  
Someone to love.  
Got enough problems; hope the lord will send me  
Someone to love.

2nd Verse:

Didn't I...have your back  
Didn't I...forget your past  
Didn't I...push my whips; let you ride...pack your shit.  
Didn't I...wpend my loot  
Everyday...down for you  
Didn't I...cash your check, while I worked, and you  
laughed.  
Didn't you...claim your heart  
Didn't you...break our trust  
Try to stay, while you played. You never loved me  
anyway  
Didn't I...give my best; but I guess I didn't know.

It all went down for nothing, it seems like...

Chorus

3rd Verse:

What you see ain't always what you get.  
Gotta always settle for less, gonna put my head in  
check.  
And I'm out here on these streets, trying to hustle for  
you and me.  
Did you have my back for sure?  
Hell no...hell no

Closing:

I need somebody...not just anybody...  
Someone to love.  
Can I get an amen, yeah.  
Somebody...Oh, yeah.  
Can I get an amen, yeah.  
Do you feel me.? Do you feel like I feel?  
Have you ever loved somebody?  
7 lonely years, yeah.  
I gave my heart; I gave my mind; I gave time.  
But I just can't get respect; no I just can't get respect.  
And it all went down for nothing...it seems like.

Well, well.  
Well, well.  
Well, well.  
Well, well.
