You say you never had it good babe
I guess you never knew I could babe
But if you let me into you babe
I could work it till you do babe

If you like in the morning
I could freak it like you want it
If you like it real kinky
I could freak it like you need me
I could freak it like you want it
Straight rub you like a genie
I could freak it like you need it
So baby come and see me
I could freak it (freak it)

You never had it like I do it
But if you let me I can prove it
Like a horny little rabbit
Smack ya a** she's got to have it
If you think I'm telling lies babe
Well open up your sweet surprise babe
Like an appetite that's hungry
You can have some freaky fun with me

If you like in the morning
I could freak it like you want it (freak it like you want it)
If you like it real kinky
I could freak it like you need me (just like you need me)
I could freak it like you want it
Straight rub you like a genie (like a genie baby)
I could freak it like you need it (yeah)
So baby come and see me
I can freak it

You say you like 'em black an hard babe
Well I can give you what you want babe
If you think that you can hang babe
Let me in so I can bang babe
I can freak it like you want it
Back it up and get upon it
It's kike a train it keeps a ridin'
Smack your lips it's tantalizing'
