"Love Won't Let Me"

Visit "[Love Won't Let Me](#)" on MotoLyrics.com

I'm so tired of waiting, contemplating
The day when you come back
And you still nothing, I'm the man
There ain't no chance for another, only me

Can't thinking, been so long
Since the days that you've been gone
I just wish that you come back
And make this house a home

It's like a night time, daytime thing thinking about you
When you leave me I'm so sad
And I wish the days get shorter and the nighs go fast
But still I've got to keep the faith
Patience gotta wait, these perilous time

I know I'm gonna make it through
But tonight what will I do?

Love won't let me live like I want to
Feel like I want to, thinking of you
Love won't let my heart go now

So love won't let me
Won't let me breathe like I want to
Sleep like I want to, thinking of you
Love won't let my heart let you go

I'm a simple man with a simple plan
Can't you understand? I'm whole enough for loving you
Touching you, kissing you
I need somebody who hold tight of my hand

When the world won't understand
I wanna be the only one to give you all my love
Until this life is done, I'll never let you go
I'll love you through the hard times
Even if you lose your mind, I'll be with by your side

Holding you up, can't get enough
Until you stand again, oh so lonely only without you
here

I pray I make it through but tonight what will I do?

Love won't let me live like I want to
Feel like I want to, thinking of you
Love won't let my heart go now

So love won't let me
Won't let me breathe like I want to
Sleep like I want to thinking of you
Love won't let my heart let you go

I can't believe you would leave me the way you done to
me
I can't foresee the future clearly, hope it's not a fantasy

Love won't let me live like I want to
Feel like I want to, thinking of you
Love won't let my heart go now

So love won't let me, won't let me
Breathe like I want to, sleep like I want to thinking of
you
Love won't let my heart let you go

Can you feel what I'm saying?
Can you feel me? Can you feel me?
Can you feel it? Can you feel it?
