(Intro)

How yall feelin tonight?

(Verse)

By the time you hear this
It will be our wedding song
Turnt up, got me turnt on
In love, girl I've been gone 'cause
Deep love and I see it
I say you're not, your heart is home
Right there where you belong,
This long flyin journey to our love
I won't place no one above you girl, no
When we kick it's like I fall every minute for you
I was trippin before, I admit that
Took a beautiful breakup to see how to fix that

(Bridge)

We separated 'cause we argued all day girl
Know how it is when you get mad at somebody
But damn how I miss it,
Damn how I miss you baby oh

(Chorus)

It was a beautiful breakup
'Cause it saved us
It showed me what I'll lose if I gave up on us
So you know what? Let's make up and make love yea
It was a beautiful breakup
'Cause it saved us
It showed me what I took for granted
So you know what? Let's make up and make love yea

(Verse)

Put it all behind us
I'm tired of chasing waterfalls
Late nights with you on the phone
Those secrets that nobody know
But you, girl you asked me to be honest
It's hard sleeping that lonely night
Without you baby on me

It's so cold
I just want things to be good with us again
Oh babe, uh listen
Know the blame it not yours, I admit that
Took that beautiful breakup, now I'm ready to fix that

(Bridge)

We separated 'cause we argued all day girl
Know how it is when you get mad at somebody
But damn how I miss it,
Damn how I miss you baby oh

(Chorus)

It was a beautiful breakup
'Cause it saved us
It showed me what I'll lose if I gave up on us
So you know what? Let's make up and make love yea
It was a beautiful breakup
'Cause it saved us
It showed me what I took for granted
So you know what? Let's make up and make love yea

(Interlude)

We break up then we make up girl
We make up then we make love
I don't even care 'bout the arguing
All the shit you did, all the shit I did
Long as we're together

(Chorus)

It was a beautiful breakup
'Cause it saved us
It showed me what I'll lose if I gave up on us (showed
me what I'll lose)
So you know what? Let's make up and make love yea
It was a beautiful breakup
'Cause it saved us
It showed me what I took for granted
So you know what? Let's make up and make love yea

(Outro)

Hop on the make, hop on the
So we can make, so we can
Yea yea
Who'd thought a break
Who'd thought a breakup would bring us so close again
yea
I wanna make, I wanna make more than make love yea
Who knew a break
Who knew a break, beautiful breakup
Will bring us close today
