i remember that day
you told me that yo mamma
was taking you away
that he put her through some drama
tears came to my eyes
really didn't wanna cry
but it hurt so bad on the inside

tell me how can this be,
that you're not here with me
and i can't do nothin bout it
i'm only nineteen
since the day you left me lonely
my life has not been the same

nothin but cloudy days(without you)
my sunshine turned to rain(without you)
my life is not the same(without you)
just heartache and pain(without you)
everything i do(everythind i do)
and every word i say(is true)
my mission on this earth is to please you
anything you say ill do
cant live without you

now your'e in another state
i'm writing you this letter
with a picture and a frame
lying on the dresser
baby come home to me
it's your arms that i need
need your kissin and your huggin
rubbin and your touchin
girl i need your lovin
cuz my bodys callin you(you)

nothin but cloudy days(without you)
my sunshine turned to rain(without you)
my life is not the same(without you)
just heartache and pain(without you)
everything i do(everythind i do)
and every word i say(is true)

my mission on this earth is to please you
anything you say ill do
cant live without you

i'm talkin bout your warm embrace
i'm talkin bout your pretty face
ohh how your kisses taste
missin her touch
i'm talkin bout my babygirl
she used to be my whole world
but now shes not here
what am i to do...

nothin but cloudy days(without you)
my sunshine turned to rain(without you)
my life is not the same(without you)
just heartache and pain(without you)
everything i do(everythind i do)
and every word i say(is true)
my mission on this earth is to please you
anything you say ill do
cant live without you

my mission on this earth is to be with you
what am i to do

i remember that day
you told me that yo mamma
was taking you away
that he put her through some drama
tears came to my eyes
really didn't wanna cry

(repeat)

nothin but cloudy days(without you)
my sunshine turned to rain(without you)
my life is not the same(without you)
just heartache and pain(without you)
everything i do(everythind i do)
and every word i say(is true)
my mission on this earth is to please you
anything you say ill do
can't live without you
