Sit yourself down, girl, and talk to me
Tell me what's uh on your mind.
Don't keep on tellin me everythings OK,
Cause if it was, then you wouldn't be cryin.
You been tossin and turnin in yo sleep lately,
Sittin round poutin all day long.
Now how in the hell you expect me to understand,
When I don't even know what's wrong?

Lets straighten it out.
Lets straighten it out.
Lets straighten it out, baby,
Lets straight it out.

For the last five nights, honey, when we went to bed,
Oh, I could tell somethin just wasn't right.
When you turned your back to me and you covered
your head,
Then you didn't even say goodnight.
Now if you tired, n you don't wan be bothered baby,
Just say the word and I'll leave you lone.
Instead of layin out cryin yo eyes out, baby,
You and me oughta be getting it on.

Lets straighten it out

Lets straight it out, baby, lets straighten it out.
Why don't you talk to me honey?
How in the hell do you expect me to understand,
When I don't even know what's wrong?
I believe we gon straighten it out.
