I know you'll never hesitate
There's no reason to be afraid
The last thing that's on your mind
Ss whether I'll be by your side

It won't matter how far you are
I'll cross an ocean to bring you back
Nothing will keep me from
Holding you

I'll be there,
To lend you strength you need to keep you up
I'll be there
I'm already looking for the fastest way to you
I'll jump a train, I'll steal a car
I'll sneak on a plane
To be there with you
I'll break every law
I'll jump every fence
To be beside you

You don't even look around
When I arrive without a sound
You try not to be surprised
And mask that happiness that you hide

It won't matter how far you are
I'll cross an ocean to bring you back
Nothing will keep me from
Holding you

I'll be there,
To lend you strength you need to keep you up
I'll be there
I'm already looking for the fastest way to you
I'll jump a train, I'll steal a car
I'll sneak on a plane
To be there with you
I'll break every law
I'll jump every fence
To be beside you
No one will ever stop me

Nothing will keep me away
No wall will ever hold me
I'll fight forward night and day
I won't let you
Feel like you're alone
The only thing I'll say (is...)

I'll be there,
To lend you strength you need to keep you up
I'll be there
I'm already looking for the fastest way to you
I'll jump a train, I'll steal a car
I'll sneak on a plane
To be there with you
I'll break every law
I'll jump every fence
To be beside you

I'll be there, I'll be there
To lend you strength you need to keep you up
And I'll be there, and I'll be there
I'm already looking for the fastest way

I'll be there,
To lend you strength you need to keep you up
I'll be there
I'm already looking for the fastest way to you
I'll jump a train, I'll steal a car
I'll sneak on a plane
To be there with you
I'll break every law
I'll jump every fence
To be beside you

Yeah, to be beside you
I'll be there, I'll be there
