Chasing Eidolon
"You Can't Have Everything"

We always talked about it
What would happen to us
And always fought about it
Where we'd go when we grew up
Now here I am
Waiting for you
Standing here
Looking for you

Everything
In a hundred thousand pieces
What you told me
Shattered it again
Everything
You didn't even give a reason
Just walked on
No hesitation
You can't have everything
No matter what you change
It all starts over again

One more broken promise
Full of empty words
They work like a virus
Always numbing the hurt
And I'm still here
Watching the clock
Asking if
Maybe you forgot

Everything
In a hundred thousand pieces
What you told me
Shattered it again
Everything
You didn't even give a reason
Just walked on
No hesitation
You can't have everything
No matter what you change
It all starts over again

will I ever see the end
(everything in a hundred thousand pieces)
feel like we're falling apart
(everything in a hundred thousand pieces)
can i forget what we had
(everything in a hundred thousand pieces)
return to me unbroken, not in a hundred thousand
pieces...

Everything
In a hundred thousand pieces
What you told me
Shattered it again
Everything
You didn't even give a reason
Just walked on
No hesitation
You can't have everything
No matter what you change
It all starts over againÃ¢Â€Â¦

Everything
In a hundred thousand pieces
What you told me
Shattered it again
Everything
You didn't even give a reason
Just walked on
No hesitation
You can't have everything...
(You can't have everything...)
No matter what you change
(No matter what you change...)
You can't have everything
No matter what you change
It all starts over again

You, can't have everything...
You've lost it all, waiting while I fade away
You, can't have everything...
But i can forgive you, and all the wrong turns you made
You, can't have everything...
You still have one chance to come back
You can't have everything...
