I, I never thought that I could find  
(Excuse me miss)  
Someone, so special  
(Can I have a word wit'chu, baby)

Miss, can I get a second to speak and quietly mention  
That I am so into who you are, can I get your attention  
My observations of you creates conversations for you  
And if you got a little time, I got the patience for you

Okay? Good, you givin' me the time to talk?  
While I figure it out and sort what I'm tryin' to say, let's  
walk  
Just tryin' to keep it gutter, respectfully I won't stutter  
Don't you agree, we look better when we walk with each  
other?

I've seen you many times, yes, I've encountered many  
dimes  
I'm feelin' somethin' special with us, it's just one of the  
many signs  
I think that we have to look forward to our go-through  
Any war with you regardless what it is I'm tryin' to score  
with you

Sometimes I think and wonder especially through rain  
and thunder  
If I'd ever find the one to ride when I'm on top or under  
Until we reach the end, ma, with love as I be your friend  
Oh, here you can take my number, I hope we can speak  
again

No matter how, mister, no doubt I'll die wit'cha  
Until the end of life, lay down on the ground wit'cha  
I'll give my life to you, I hope it all comes true  
Ready to start for you, I give all my heart to you  
And when together I hope we never fall apart you know  
Now that it feels so good, our thoughts are understood

I'd like to learn from ya but I'm 'bout to turn from ya  
It's been about a week and I ain't even heard from ya

Is it somethin' at all or did I just bump in and fall  
And even though you did I see how you was reluctant to  
call

But it's nothin' to crawl before we walk, listen  
And it's nothin to stall before we talk, look  
To tell the truth I'm happy I found you and that I can be  
around you  
And thus I'm diggin' you, I ain't just tryin' to pound you

I'm only tryin' to crown you and wife you and wedding  
gown you  
Regardless what I'm with, shorty seem like she always  
down to  
Just spend a little time and then click, you know that  
kind of chemistry  
The recipe to then sip and a little bit of wine

Mami I like your kind that light the fireworks and bombs  
up  
The type of chick I wanna talk about when I call my  
moms up  
Until the love is empty I credit the one who sent me  
The most beautifulest woman and she ridin' with me

I'll do it all wit'cha, go through any door wit'cha  
It doesn't matter I will go against the law wit'cha  
Just know you live through me, your love is all I need  
If you ain't know you make me, no one's ever shown  
you, baby  
To tell the truth [Incomprehensible] you've got me goin'  
crazy  
Your love so real to me and that's all that I, can see

This is a thing I wanna feel forever and I ain't goin'  
nowhere  
'Cause you mean so much to me  
No matter how my people try to doubt ya  
I know the truth about ya, it doesn't matter to me

Baby, I love you and I always told ya, I'm always here to  
hold ya  
'Cause you do so much for me  
No matter how they try they can't deceive us  
Nothin' can come between us, 'cause you mean so  
much to me

Listen; trust me and I will trust you, I ain't into tryin to  
fuss boo  
Deeper than any lust, I'm only tryin' to mindfuck you  
That's probably why and maybe I can nickname you

my, baby  
Now that you made me a man you're officially now my  
lady

Despite the stormy weather I cherish your love forever  
And nourish everything we have till we grow old  
together  
I'll never trick you, mislead or try to be shaky wit'chu  
I only wanna make all the rest of my babies wit'chu

No matter how, mister, no doubt I'll die wit'cha  
Until the end of life, lay down on the ground wit'cha  
I'll give my life to you, I hope it all comes true  
Ready to start for you, I give all my heart to you  
And when together I hope we never fall apart you know  
Now that it feels so good, our thoughts are understood

I'll do it all wit'cha, go through any door wit'cha  
It doesn't matter I will go against the law wit'cha  
Just know you live through me, your love is all I need  
If you ain't know you make me, no one's ever shown  
you, baby  
To tell the truth [Incomprehensible] you've got me goin'  
crazy  
Your love so real to me and that's all that I, can see
