This love is sweet, hey, hey
This love is sweet, sweet
This love is sweet, sweet, sweet, sweet
This love is sweet, yeah
This love is sweet, hey, hey,
As the day goes by
This love is sweet,
You'll always stay on my mind
Because of you I'm alright
And I know you'll always be by my side.

This love is sweet, hey, hey
This love is sweet, sweet
This love is sweet, so sweet, sweet, sweet
This love is sweet, yeah
This love is sweet, hey, hey.

All I'm tryina to say
Is that it's good to me, to me
This love is sweet,
And imagine a loving, a loving so sweet
If your love wasn't here with me
I can honestly say where I would be
Got answers for time's history
Of how your loving could be so sweet
This love is sweet,
I love, I love, I love, my way
You love me
I love, I love, I love, my way
You love me
My heart skips a beat
This love is sweet,
This love is sweet,
This love is sweet,
This love is sweet, hey, hey,
This love is sweet, sweet
This love is sweet, sweet, sweet, sweet
This love is sweet.
