This song is for the ones
That hold us down
That stayed around
We appreciate the love
Y'all

I got a whole lot to say
That ain't said enough
U make better days
When it comes to us
And I don't feel
Like you'll walk away
From the way
You stroke my back
To how your muscles flex
How you so good at sex
The way you work your lips
I could never just walk away

Cause I know we make it hard
How we try to change who you are
When we really love it all
Thank you for being who you are

This ones
Going to be my boyfriend
This ones
Ggoing to be my baby
This ones
Going to be my man
Cause I appreciate
His love y'all

Now it's our turn to say
You're beautiful
You got a big ole, uuhhh
You're a work of art
And that's the reason
Why we act a fool
I'm in love
With the way that u hold me
Scream out

Turn around and console me
Keep me sound
While you stand your ground
I know I'm safe

When you're around

Cause I know we make it hard
How we try to change who you are
When we really love it all
Thank you for being who you are

This ones
Going to be my boyfriend
This ones
Going to be my baby
This ones
Going to be my man
Cause I appreciate
His love y'all

I been holding it down
For you, for you
I'd be on my way down
If it hadn't been
For you, for you,
Wanna be everything
Yeah, for you, for you
I'd have nothing to say
If it hadn't been
For you, for you

This ones
Going to be my boyfriend
This ones
Going to be my baby
This ones
Going to be my man
Cause I appreciate
His love yall

This ones
Going to be my boyfriend
This ones
Going to be my baby
This ones
Going to be my man
Cause I appreciate
His love yall

This song is for the ones

That hold us down
That stayed around
We appreciate the love
Y'all
