Say my name and I'll come running
Say what you need, baby
Forget what I gotta do, I'll come for you
'Cause I'm your fool, baby

You got me wrapped around
Every one of your fingers
(Start some trouble now)
Starting some trouble now
'Cause I can't let go

I keep coming back
I need some of that
Hugging 'n kissing 'n squeezing 'n touching
I want more of it
I keep coming back
I need some of that
Hugging 'n kissing 'n squeezing 'n touching
I want more

Only you know how to break me down
We know that ain't easy
Keep a smile just thinking about
How in love I am, now how

You got me wrapped around
Every one of your fingers, boy
Start some trouble now
You got me crazy

I keep coming back
I need some of that
Hugging 'n kissing 'n squeezing 'n touching
I want more of it
I keep coming back
I need some of that
Hugging 'n kissing 'n squeezing 'n touching
I want more

I love it, I love it, I love it, I love it
I need more of it, I need more, more, more, more

Baby, I want more
Some of that
Good love, sweet love, good love
More, more
I keep coming back
Begging for more
Good love, sweet love, good love

I keep coming back
I keep coming back
I need some of that
Hugging 'n kissing 'n squeezing 'n touching
I want more of it
Everyday
I keep coming back
I need some of that
Hugging 'n kissing 'n squeezing 'n touching
I want more

I want more
Baby, I'm greedy
Give me, give me, give me, give me
I want more
Good loving, sweet loving
Good love, yeah, yeah

I keep coming back
I need some of that
Hugging 'n kissing 'n squeezing 'n touching
I want more of it
I keep coming back
I need some of that
Hugging 'n kissing 'n squeezing 'n touching
I want more
