"I Am"

Visit "[I Am](#)" on MotoLyrics.com

When you're out on the streets and you're looking for
love
There's a voice calling you from above
Living a life in a way you don't like
The devil is ready to strike

It's your time to choose
There's no time to lose

I am, the way, the truth
I am the life
I am, your way, your truth
I am your life

In a land made of crystals with streets paved with gold
Whit hope and joy, we never grow old
Believe in the Son and you won't be denied
Don't be deceived by the great lie
