

Laudamus "Free"

Visit "[Free](#)" on MotoLyrics.com

Some might think my hair is too long
Some might fear the beat of this song
So much religion, so many rules
But this is us and we are tools

He calls us to be free
Enjoy that freedom, friends
In time, we all shall see
Where man-made rules end

I might offend you by how I look
But God will not, according to His book
It's by our fruit that we will be judged

To show the world Jesus love

So keep the sheep together
No matter if one's shaved
Cause the wool means nothing
For all Christ came to save

I respect old-fashioned ways
Let's come together in His grace
Lord help us all to understand
How you can use a hard rock band
