There comes a time when you have to see yourself
Right through the glass. You wonder who you are
Missing the time when we were young
That time is a long way gone now
But still it's not history

Find the mysteries of our lives
Can't live on memories forever
You search the truth, but you are blind

Broken hearts healed by God

There was a time when it was you and me
Like a diamond that can't be torn apart
But who can tell us our destiny
Now you're gone and it's breaking my heart
All you left was a wound in my mind
(Repeat Chorus)
