Everyone lookin at me like I should be so hurt
But did you ever think I wouldn't care about her
When you walk into the room with your arm around her
waist
You expect me to be all over you and to be threatening
her to stay away

Are you for real, are you for real (yah)
Are you for real, are you for real (yah)
Are you for real, are you for real (yah)

Chorus:

I no longer care about you
I no longer care about her
If I was meant to cry all the time
Im sorry I didn't please you
I refused to bow at your feet and stay so true
You chose her over me so why the hell should I care
But if you think I would watch you two together
I wouldn't dare do you get that?

I wouldn't dare watch you with her up agenst the wall
Talking about your special love and your secret song
Cuddling her and whispering sweet things in her ear
You only do those sad little things when I' am near

Are you for real, are you for real (yah)
Are you for real, are you for real(yah)
Are you for real, are you for real(yah)

Chorus:

I no longer care about you
I no longer care about her
If I was meant to cry all the time
Im sorry I didn't please you
I refused to bow at your feet and stay so true
You chose her over me so why the hell should I care
But if you think I would watch you two together
I wouldn't dare do you get that?

I don't need you anymore I crushed on you for so long
When you found out did you do anything don't think so

Wouldn't try to impress you no not anymore

Are you for real, are you for real (yah)

Are you for real, are you for real(yah)

Are you for real, are you for real(yah)

Chorus:

I no longer care about you

I no longer care about her

If I was meant to cry all the time

Im sorry I didn't please you

I refused to bow at your feet and stay so true

You chose her over me so why the hell should I care

But if you think I would watch you two together

I wouldn't dare do you get that

Get that.
