"Safe Sex"

This one goes out to all the boys & girls who want to
get laid tonight
You better do it right and use the right protection

[Chorus:]

I wanna have safe sex tonight, that's just the way I do
I wanna have safe sex tonight, just between me and
you

This is a message to the youngsters & the people out
there
In this world that we livin' in we better beware
We need love sex but with protection
We can take it to the car or the back of the club
If you're down with my style we can do it again
Turn around babygirl, that's how I get in
You remember the time when we were down at the club
right
You gave me your number and I called you right

[Chorus:]

I wanna have safe sex tonight, that's just the way I do
I wanna have safe sex tonight, just between me and
you

I gotta story to tell about a lady that wasn't well
I met her a certain time ago, but which one I can't tell
Only one thing I remember I was out from smoking
ganja
She begged me to take her number after that I was
mised
She ended up in my benzy, all I heard was sucky sucky
Sucky sucky sucky just the sound of giving head
I was like girl whatcha doing, what the hell just keep on
chewin'
Chewin' some way and guess what we started screwin'
After we were done the misery all begun
Some girls are the same think they're players in the
game

Representin' in some way, but where the hell they left
their brain
She made me come come come come & come again
I love them girls but protection is my thing

[Chorus:]

I wanna have safe sex tonight, that's just the way I do
I wanna have safe sex tonight, just between me and
you

Hey you, don't be silly, put a condom on your willy
You're so hot hot hot
Hey you, don't be silly, put a condom on your willy
You're so hot hot hot

[Chorus:]

I wanna have safe sex tonight, that's just the way I do
I wanna have safe sex tonight, just between me and
you

[Chorus:]

I wanna have safe sex tonight, that's just the way I do
I wanna have safe sex tonight, just between me and
you

Me & you, me & you, me & you, that's what to do
Me & you, me & you, me & you
You're so hot hot hot
Me & you, me & you
Safe sex that's the message
