Here in the night
There's a perfume in the air
You can almost smell the danger,
Pressed in a crowd,
You can feel the heat flow
In the touch of every stranger
We're out on the town
And it's passion that we're after
Keep fanning the flame,
Just a little faster
It's gonna be a hot night
We're gonna have a hot night, tonight
It's gonna be a hot night
We won't get no sleep tonight
Too hot, it's too hot
The need, in your eyes
Hits me to the heart with a shot of stimulation
A moment with me
In a moment I will see the burning fascination
No stopping it now
We've got to stay in motion
We're two-foot a fire, two-foot of emotion
It's gonna be a hot night
We're gonna have a hot night, tonight
It's gonna be a hot night
We won't get no sleep tonight,
Too hot, it's too hot
It's gonna be a hot night
We're gonna have a hot night, tonight!
It's gonna be a hot night,
We won't get no sleep tonight,
Too hot, it's too hot
No stopping it now
We've got to stay in motion
We're two-foot a fire, two-foot of emotion
It's gonna be a hot night
We're gonna have a hot night, tonight!
It's gonna be a hot night
We won't get no sleep tonight
Too hot, it's too hot
It's gonna be a hot night

We're gonna have a hot night, tonight!
It's gonna be a hot night
We won't get no sleep tonight
Too hot, it's too hot
It's gonna be a hot night
We're gonna have a hot night, tonight!
It's gonna be a hot night
We won't get no sleep tonight
Too hot, it's too hot
