Stepped up to the bar and the band was jammin'  
Raise my glass, Alabama slammin'  
There you were with the devil in your eye  
Mmm, mmm, can't pass you by  
What are you doin' here all alone, ya got any plans,  
ya headed home  
Staring at me all night long, make your move or I'll be  
gone  
So what's it gonna be, 'cause I'd be up for seein'  
where this could lead  
With your

Love  
If you want my love  
If you want my love  
If you want my  
Broken hearted, been burned, jump started, never  
learned  
Love  
If you want my love  
If you want my  
Love, love, love, love, love  
Well, come on!  
Come on!  
Come on!  
Come on!

At this point you're lookin' better  
At least you can string seven words together  
Ain't going to ask you to have job  
But don't tell me you live with your mom  
Smilin' at me and then you say, "Can I take you to

dinner someday?"  
Baby you just won my heart, here's my number, it's  
a start  
I'm a good girl, yes it's true but I think Jesus would  
approve of you

With his love, if you want my love  
If you want my love, if you want my  
Broken hearted, been burned, jump started, never

learned  
Love  
If you want my love  
If you want my  
Love, love, love, love, love  
Well, come on!  
I won't be waitin' by the phone, but I hope you  
don't take too long

With your love  
Baby, I want your love  
Baby, I want your love  
Baby, I want your  
Broken hearted, been burned, jump started, never  
learned  
Love  
Baby, I want your love  
Baby, I want your  
Love, love, love, love, love  
So come on!  
Come on!  
Come on!  
Come on!  
Come on
