Don't know what you're doin', but you're doin'
somethin' I think I like
Not sure what I'm feelin', but it feels like somethin' so
right
The sound of your sigh, the touch of your skin
Is takin' me places I've never been
I wanna go there again and again
'Cos you give me --

Satisfaction, when you're touchin' me
You start a chain reaction deep inside of me
Satisfaction, I just never knew that I could feel this way
Oh babe, I love you

Holdin' you close now, I keep thinkin' of times before
When nothin' was good enough, I was always left
wantin' more
You took my world, turned it around
I know you won't be lettin' me down
'cos baby, you showed me that love could be found
When you gave me --

Satisfaction, when you're touchin' me
You start a chain reaction deep inside of me
Satisfaction, I just never knew that I could feel this way
Oh babe, I love you

Satisfaction, when you're touchin' me
You start a chain reaction deep inside of me
Satisfaction, I just never knew that I could feel this way
Oh babe, I love you

Satisfaction, when you're touchin' me
You start a chain reaction deep inside of me
Satisfaction, I just never knew that I could feel this way
Oh babe, I love you ... [fade out]
