if you should ever lose your heart
to that someone, you wanted all your life
and if that someone fails to part
any meaning from a meaning last goodbye

if it's a dream i wouldn't know if it's worth dreaming
and if it's a lie i'd say their heart to recognise
but if i'm the one to give you all the answers
i'd say someday, at least it's worth a try

if you should ever lose your heart
to that someone, you wanted all your life
and if you'd ever lose your balance
to someone you'd failed to satisfy

if it's a dream i wouldn't know if it's worth dreaming
and if it's a lie i'd say their heart to recognise
but if i'm the one to give you all the answers
i'd say someday, at least it's worth a try
