I Found Someone - Cher

Don't you know

So many things they come and go

Like your words that once rang true

(Just) like the love I thought I found in you

And I remember the thunder

Talkin' bout that fire in your eyes

But you walked away when I needed you most

Chorus:

Now, maybe baby maybe baby

I found someone

To take away the heartache

To take away the loneliness

I've been feeling since you've been gone

Since you've been gone

Dry your eyes

I never could bear to see you cry

Someday your love will shine through

Show ya the feelings that ya never really knew

Baby don't you lose that thunder

Talkin' bout the fire in your eyes

You're looking at me, but ya still don't believe

Chorus

Bridge:

Too long on the border line

Wonderin' if your love was really mine

But you left me with open eyes

And when I realized

Chorus
