I can't tell you  
No one will ever die from a broken heart  
One thing I know since I've loved you  
I know that I'm alive

So why do you keep holdin' back  
Don't run away from all we have  
I would never hurt you darlin'

Can't stop the rain when you hear the thunder  
Tonight's the night we're caught in the flood  
Don't you see we were meant for one another  
To live and breathe in the spirit of love

Naked alone what would I be  
If your love had never found me  
One thing that's real is only the trust  
We give to one another

So turn and leave your fear behind  
We've waited for the longest time  
It's too late to stop now

Can't stop the rain when you hear the thunder  
Tonight's the night we're caught in the flood  
Don't you see we were meant for one another  
To live and breathe in the spirit of love

Can't stop the rain when you hear the thunder  
Tonight's the night we're caught in the flood  
Don't you see we were meant for one another  
To live and breathe in the spirit of love

Can't stop the rain when you hear the thunder  
Tonight's the night we're caught in the flood  
Don't you see we were meant for one another  
To live and breathe in the spirit of love

Can't stop the rain when you hear the thunder  
Tonight's the night we're caught in the flood  
Don't you see we were meant for one another  
To live and breathe in the spirit of love

To live and breathe in the spirit of love  
To live and breathe in the spirit of love

Can't stop the rain when you hear the thunder  
Tonight's the night we're caught in the flood  
Don't you see we were meant for one another  
To live and breathe in the spirit of love

Can't stop the rain when you hear the thunder  
Tonight's the night we're caught in the flood
