I've let too many little things  
Ruffle my feathers, weigh down my wings  
And I have wasted precious time  
On the difference between a dollar and a dime  
Kept my heart under wraps  
And watched my life slip through the cracks

Finally it dawned on me, yeah  
This road's not as hard as it seems  
I'm takin' the lows a whole lot better  
All my edges fit together  
Everyday feels like it should  
Life is good

I'm learning to laugh at myself  
Humble enough to ask for help  
I'm willing to take a second look  
Give it a chance not close the book, no  
I took what I used to know and then I let it all go

'Cause finally it dawned on me, yeah  
This road's not as hard as it seems  
I'm takin' the lows a whole lot better  
All my edges fit together  
Everyday feels like it should  
Life is good, yeah, yeah, life is good  
Woah yeah, yeah, life is good

Finally it dawned on me, yeah  
This road's not as hard as it seems  
I'm takin' the lows a whole lot better  
All my edges fit together  
Everyday feels like it should

Finally it dawned on me, yeah  
This road's not as hard as it seems  
I'm takin' the lows a whole lot better  
All my edges fit together  
Everyday feels like it should

Finally it dawned on me, yeah  
This road's not as hard as it seems

I'm takin' the lows a whole lot better  
All my edges fit together  
Everyday feels like it should  
Life is good, yeah, yeah, life is good  
Woah, yeah, yeah
