Ladies we are gathered here  
To analyze this strange frontier I come  
No man's land  
It's like a spaceship came in the middle of the night  
And carried away all the single guys and left us  
In no man's land

If you're a long tall cool drink of water  
An oasis in this dry desert sand  
Well, you won't be long too long  
'Cause the good ones have all gone  
So come on out to no man's land

Our lingerie is collecting dust  
My underwire is about to rust  
We're stuck in no man's land  
It's gotten so bad that Billy Jean  
Seriously considering switching teams  
It's rough in no man's land

If you're a long tall cool drink of water  
An oasis in this dry desert sand  
Well, you won't be long too long  
'Cause the good ones have all gone  
You're welcome here in no man's land

Oh, come on

We're manicured, we're dressed to thrill  
So what's with all this time to kill  
We've searched online a thousand times and still  
We're all heading home to watch TV  
Stopping on the way to buy batteries  
Admit it, we're in no man's land

If you're a long tall cool drink of water  
An oasis in this dry desert sand  
Well, you won't be long too long  
'Cause the good ones have all gone  
Y'all come on out to no man's land  
Yeah, we're desperate here in no man's land

Ten of us for every one of you
