Stop wait a minute I thought I heard you call out my  
name

But it wasn't - it wasn't your voice at all  
Now mabey I'm hearing - voices after all  
I wish I could fall

To my knees and beg you please for your mercy  
But it wouldn't take the pain away  
I know It'll never win mabey I should just give in  
And let you take me - take me away

I don't know what I want  
Mabey it's something that you have  
I don't know what I want  
But I know it's something I could never have  
I don't know what I want  
Mabey it's something that you have  
I don't know what I want  
But I know it's some-thing  
I could never have

I could never have you

Now I think back on the times that we spent  
And it makes me - it makes me so sad  
Cus it wasn't all that bad  
You were the best I ever had

Why did it have to end this way  
Why am I the one who has to pay  
I'd love to be back with you  
If we were together - would it be better  
I don't know what I want  
Mabey it's something that you have  
I don't know what I want  
But I know it's something I could never have  
I don't know what I want  
Mabey it's something that you have  
I don't know what I want  
But I know it's some-thing  
I could never have

Well go ahead now  
Blow me over  
Tell me that it was always over  
Hanging on to something that I've never had  
I beg you just don't - hurt me again  
I don't want to be hurt again

(Solo)

I don't know what I want  
Mabey it's something that you have  
I don't know what I want  
But I know it's something I could never have  
I don't know what I want  
Mabey it's something that you have  
I don't know what I want  
But I know it's something I could never have

Oh no  
I could never have you  
What I want is you - Oh no  
What I want is you  
What I want is you - Oh no no no no  
What I want is something you will never understand
