Sometimes I feel like I am lost - and never to be found  
Sometimes it's hard to keep my feet on the ground  
And it's you I'm holding on to  
And it's you who's making me drown  
I don't know why I keep myself alive to be with you  
But I still feel

Like I need you around  
I need you around  
Don't let me down this time  
I need you around  
I need you around  
But if you wont stay around  
Then you've already let me down this time

It's heaven to be with you  
It's hell when you're not here  
You know how I feel  
And you know what I need  
But my voice falls on a deaf ear

Why do you fear - keeping me near  
Takes something away from you  
I don't know why I let myself cry  
When I think of you  
But I still feel

Like I need you around  
I need you around  
Don't let me down this time

I need you around  
I need you around  
But if you wont stay around  
Then you've already let me down this time

And I think I've taken more then I can stand  
This wasn't how I had it planned  
I got to get away  
Cus I see your face and I know  
I will always stay with you

(Solo)

Your face is so pretty  
And so are your lies  
When I'm with you I'm hypnotized Oh-Oh  
For one moment just hold me and never let go

'Cus I need you around  
I need you around  
Don't let me down this time  
I need you around  
I need you around  
Don't let me down  
Don't let me  
Let me down

I need you  
I need you  
I need you  
I need you around

Since you always let me down  
Tell me why I stay around this time  
I need you around me  
Uh-huh
