Couldn't stand the chance you'd have to take
Couldn't stand the risk you'd have to take
Couldn't stand me looking at you
Cus' you knew that it was all true

You know it's - you know it's true
I know it - I know it too
You know it's - you know it's true
You want it
Too

Everything that you've ever said or done
Come back and leave you all alone
And when you decide to disappear
I will still be waiting right here

You know it's - you know it's true
I know it - I know it too
You know it's - you know it's true
You want it
Too
Everything is okay
Everythings gone the wrong way
I want to you what to say for yourself
You think for you and nobody else
You have nothing to say thats okay
I didn't want to hear you anyway
You have nothing to say thats okay
I didn't want to hear you anyway
You have nothing to say

You know it's - you know it's true
I know it - I know it too
You know it's - you know it's true
I want it
Too

You know it's - you know it's true
I know it - I know it too
You know it's - you know it's true
You want it
Too
