Hey, hear me girls
Oh, stand up
To all the women liberators
And men sympathizers
I thank you
For I'm Laura Lee
I'm starting a new movement today
For women's love rights

Stand up and fight
For your love rights
Love who you wanna
'Cause a man is sure gonna

Stand up girls
(Stand up and fight)
For your love rights
(For your love rights)
Love who you wanna
'Cause a man is sure gonna

We do the washing
We cook and sew
Babies tie you down
While your man is on the go

Girls
You gotta right
(Yes we do)
Go out at night
Sitter's all around
To let you paint the town

Girls
Stand up and fight
For your love rights
Love who you wanna
'Cause a man's sure gonna

Stand up and fight
For your love rights
Love who you wanna

'Cause a man is sure gonna

Listen

We love one man

(Yes we do)

Trying to be fair

He's got three women

A pair, and a spare

He loves who he pleases

While you're at home in need

That's unsatisfaction

A piece of the action

Stand up and fight, girls

For your love rights

Love who you wanna

'Cause a man is sure gonna

Stand up and fight, girls

For your love rights

Love who you wanna

'Cause a man is sure gonna

(Love rights)

I'm here to tell you about it girls

Talking 'bout love rights

A few of your love rights

One

You've got a stake

In all he owns and makes

Two

Money he can't claim

Into faking your own name

Three

Be taking out to eat

At least once a week

Four

A set of car keys

To go when you please

(It ain't no question)

And when you window shop, girls

In your favorite spot

(Get some satisfaction)

Don't just cry at home

Buy it, take it home

Love rights

Talking 'bout love rights

(Talking 'bout your love rights, girl)

Stand up and fight girls

For your love rights

You gotta love who you wanna
'Cause a man is sure gonna
Girls, stand up and fight
For your love rights
You can love who you wanna
'Cause a man is sure gonna

Girls, stand up and fight
For your love rights
Love who you wanna
'Cause a man is sure gonna
