A raggedy house a comfy couch, a window made of glass

A calico cat a Frigidair, a lawn that's full of grass A mantel place a chandelier on a 8 by 20 deck A boss that lies, a kid that cries and then a weekly Check

A minute a minute a minute a minute a second an hour Are made of these Life a life a life a life forever and ever are Made of these

A pitiful cry an alibi a world that's gone awry A dwindling brook a banished book a pray to the sky A weakening stance a short romance a wealth of partial Truth

Aspiring judge who fails to budge rejoices -- skin of

Tooth

A fellow a fellow a fellow a fellow a fellow Is made of these A women a women a women a women a women a women Is made of these

All our lives All our lives

A capital gain a tired refrain -- recalling sunken Ships Bringing to mind an invitation -- reading loosened lips A stumble a fall a basketball -- a momentary laps A magical man who think he can and mightn't he perhaps?

A leader a leader a leader a leader a leader a follower Is made of these A city a city a city a nation a nation Is made of these
