I got you last -- you missed me  
Then we ran and climbed a tree  
You said you'd always like me  
Longer than eternity

We walked backward 'til we fell  
Ran for buses -- made the last bell  
Took our bows and gave our thanks  
Then we fell into the ranks

Bang Bang Bang Diddle Dee Dee Bang Bang Bang

Winter come and winter went  
How is the hour of our discontent  
Off we go comrades in arms  
Dared not guess we'd come to such harm

I cradled your head to my chest  
Cried to Jesus (please) hear my request  
I cannot go back alone  
I promised we'd both come back home

I will keep you running  
I will take you back home (all the way)  
Ran so fast I did not ask  
Why anyway
