I'm afraid to feel happy  
I'm afraid to lean on you  
And It doesn't seem to matter  
The more I see in you  
Maybe it would feel better  
If you weren't so precious to lose  
I'm afraid to feel happy  
I'm so used to feeling blue.

I'm afraid to feel magic  
I'm afraid to lose my way  
Surrender to a sweet panic  
Of slowly rolling waves  
Oh what if they take me  
So deep over my head  
I'm afraid to feel magic  
I've got loneliness instead

I can't explain it  
How I got so far away from here  
It's a strange enough battle  
Between my heart and my head  
If you knew the damage  
That I've untangled but never could straighten  
What I can manage isn't the same isn't the same

Wouldn't it be modern  
If I could take a plane to you  
Oh if it could be that easy  
That's just what I would do  
But I'm barely walking  
And it could take awhile or two  
I hope that you won't mind it  
By foot will have to do

Oh, I want to feel happy  
On my way to you
