Heavy in my head
But not without a reason
You settled in my stead
Stopping me from thinkin'
Something to invest
I bet it on the wrong thing
You left the faucet running, and I can't shut it off
Now it's got nowhere to go

I've got nothing left
Oh- to hide this emptiness
I failed your foolish test
No girl alive could ever pass
And I've got nothing left
But you- heavy oh you're heavy in my head

I can see your face- but now it's just an outline
Always in my brain
A witness to my mind
I know what you would say
I know when you would laugh
And I know what you'd think
Well I wish you'd just get out

I've got nothing left
Oh- to hide this emptiness
I failed your foolish test
No girl alive could ever pass
And I've got nothing left
But you- heavy, oh you're heavy in my head

So tell me why should I have saved
I guess I gave too much away
I'm standing on my last leg
And yeah I should have walked away

But I've got nothing left
Oh- to hide this emptiness
I failed your foolish test
No girl alive could ever pass
And I've got nothing left

But you- heavy, oh you're heavy in my head
