Where is all the cash you saved?
Where is all the cash you saved?
It went up your nose
What did your family say?
What did your family say?
Said they didn't know.

Said they'll buy you a car and a flat and a key
And said they'll come around
Poor little rich girl doesn't get her way
Unless she stomps her foot on the ground

Maybe it's just another matter of opinion
Maybe she got into bad things when she was too young
God we're so controlling
What am I to do?
I'm not going to sit here
And just wait for truth

So who's the girl you were with last night?
Who's the girl you were with last night?
You don't know her name
Well what was she like?
What was she like?
I don't know, we're all the same

So you've got enough cash to buy your lass
But you don't know what she cares for
So you better watch out my son
I've heard your story lots before

Maybe it's just another matter of opinion
Maybe he got into bad things when he was too young
God we're so controlling
What am I to do?
I'm not going to sit here
And just wait for truth

God we're so controlling
What am I to do?
I'm not going to sit here

And just wait for truth

Where is all the cash you saved?
Where is all the cash you saved?
It went up your nose
What did your family say?
What did your family say?
Said they didn't know

So they buy you a flat and a car and a key
And said they'll come around
When they don't come round you think they don't care
So you'll get into the bad crowd.

Maybe it's just another matter of opinion
Maybe she got into bad things when she was too young
God we're so controlling
What am I to do?
I'm not going to sit here
And just wait for truth
