Well come on let's go
And head off to Mexico
And build our dreams on siestas of the day
I'll take my guitar
Who knows, it might get us far
And we'll call each other by our fake names

We'll restart our lives
Cut the others off with lies
You don't know how lucky we are
But it's you, me and Mexico
You, me and Mexico
You, me and Mexico
And my guitar

We'll open that tequila bar
And spend nights under the stars
And we'll sing songs of salvation
And when our tricks grow old
We might be so bold as to think of things
And broaden our reputation

We'll restart our lives
Cut the others off with lies
You don't know how lucky we are
But it's you, me and Mexico
You, me and Mexico
You, me and Mexico
And my guitar

I'll sing the melody line
Watch you drinking wine
And we'll say how life is pretty funny
We'll busk our way there
'Cause we're the perfect pair
And we'll find there's more life to money

We'll restart our lives
Cut the others off with lies
You don't know how lucky we are
We'll restart our lives

Cut the others off with lies
You don't know how lucky we are
But it's you, me and Mexico
You, me and Mexico
You, me and Mexico
And my guitar
