Her future looks dark but we're on the way up,
I hear that tomorrow's bright.
Can you believe that when we were 15 we'd go drinking
and stay out all night,
A gift and a curse, so she grew a thirst. Oh what a
waste of her life.
Dropped out of school cause she's too cool. Now sleeps
with men of the night.

Word of warning, go to you my man,
I hope you understand that when she grabs you by the
hand she needs security.
Is it hard to comprehend that when she's your friend
she's not nice to see.
Maybe you won't get your heart broken too,
Cause she's changed. Yeah she's changed.
No I'm just joking she's still the same!
So why do you bother, I ask myself?

She was so young, and so far gone and he was your
average man,
She never liked to stay with one person too long,
She never liked to keep a plan,
She couldn't keep her concentration,
She never had much to say,
She found her perfect occupation, if you want her
you're gonna have to pay.

Word of warning, go to you my man,
I hope you understand that when she grabs you by the
hand she needs security.
Is it hard to comprehend that when she's your friend
she's not nice to see.
Maybe you won't get your heart broken too,
Cause she's changed. Yeah she's changed.
No I'm just joking she's still the same!
So why do you bother, I ask myself?

Where your short skirt out tonight and?
You laugh so much, it makes you different inside,
Your heels are different from any size,

Make eyes at the fit one looking at you
Don't let on you've got a boyfriend or two
Then chat such rubbish about new old bands
There the new libertines slightly, such as.

Word of warning, go to you my man,
I hope you understand that when she grabs you by the
hand she needs security.
Is it hard to comprehend that when she's your friend
she's not nice to see.
Maybe you won't get your heart broken too,
Cause she's changed. Yeah she's changed.
No I'm just joking she's still the same!
So why do you bother, I ask myself?
