I have traveled past your window many times,
I find your face too hard to define,
I can't touch you hollow thing,
You plague my mind,
I can never go outside,
I will never go back to being blind.

I have wondered what you're doing every day since last
I asked.
Are your cheeks hollow I don't like your eyes dark

I need shine, I need shine, I need shine,
Step away from my light I need shine,

I am honest now, not a shouter,
I am reformed, reborn, and forgiven.
And you're been busy but you've missed me
And I've plagued you mind.
You will never go outside,
You will never go back to being blind.

I need shine, I need shine, I need shine,
Step away from my light, I need shine,
I need shine, I need shine, I need shine,
Step away from my light, I need shine.

I need shine, I need shine, I need shine,
Step away from my light I need shine,
I need shine I need shine, I need shine
Step away from my light I need shine.
