You came here to tell me something I already know
Dark before the dawn is the darkest that you know
Calm before the storm is what leaves me here to
breathe
So breathe
Breathe

Us of constant banging, throwing fists against the wall
Screaming at the Earth for what it's done to one you
know
You came here to tell me something I already know
Just breathe
Breathe

How cruel I am to you
All the cruel things I do
How cruel you are to me
How cruel time can be

Us of constant banging, throwing fists against the wall
Screaming at the Earth for what it's done to one you
know
I wrote you a book but I left it out in the rain
So breathe
Breathe

How cruel I am to you
How cruel the things I do
How cruel you are to me
How cruel time can be

When you wake you'll know I'm gone
And where I'm going there's no one
So don't follow me
Whatever you may hear or see

When you wake you'll know I'm gone
And where I'm going there's no one
So don't follow me
Whatever you may hear or see
Don't follow me

Whatever you may hear or see
