Morning, come for the windows of the street, selling  
red watermelon, five cents a piece.  
Merry boat on the river, freedom. Fresh dreams to  
deliver, freedom.  
Over and over and over, I call out your name.

God standing on the brown earth. 'Get up,' Mama  
hollers.  
Shooflies in the doorway, white dove's gonna come  
today, white dove's gonna come today.  
Oh, what a morning, I feel so good. Oh, what a morning  
of brotherhood.

Hold me by the light. Kittens run the neighborhood  
through. Ragamuffin boys.  
All the world is new by the light of day.  
Give with your heart and love will come to you.  
Kids come in all shapes and colors to the cool morning  
dew.

Merry boat on the river, freedom. Fresh dreams to  
deliver, freedom.  
Over and over and over and over and over and over.  
God standing on the brown earth. Lovelight in the  
morning.  
Shooflies in the doorway, white dove's gonna come  
today, white dove's gonna come today!
