Sappho was a poet  
Billie was a real musician  
Frida drew the moon  
I'm going by Louise's Church  
She built in the city  
Art of grace & style  
That could make me smile  
Talk to me  
Goddess of life & music  
Shine on me awhile

Sappho was a poet  
Billie was a real musician  
Frida drew the moon  
The candle at Louise's Church  
Lite it for your vision  
For the changes  
To save the planet of ages  
Talk to us  
Heavenly Muse  
Shine on us awhile
