When your work is over and your day is done
Pick up your hammer
Into my world come
Into my world come

Life's not easy
When you're no master son
When you're ready
Into my arms come
Into my arms come

Love's not easy
Not always fun
Words are sleazy
My love is better done
My love is better done

Should you choose
Should you choose
To love anyone anytime soon
Then I saved these words for you:
You weren't my curse
You weren't my curse
Thank you naivete, for failing me again
He was my next verse

Should you choose
Should you choose
To love anyone anytime soon
Then I saved these words for you:
You weren't my curse
You weren't my curse
Thank you naivete, for failing me again
He was my next verse.

I saved these words for you.
