I belong  
To the man  
Don't belong without him  
When I sleep without him  
Loneliness  
Loneliness  
My dreams with God  
Softly waiting  
I belong to the man  
Sweet lovin' baby  
Oh sweet lovin' baby  
I want you  
I could almost die  
He says  
There's gold in you darling  
Drew gold  
When I woke her  
She's an ole clain smoker  
Grace  
And the Preacher  
Blown fleets of sweet eyed dreams  
Tonight  
Loneliness  
Loneliness  
Natural windmill  
Wheel weave and bless  
My bed  
My bed  
My man  
That's lovin baby  
Oh sweet lovin baby  
Where is the night luster?  
Past my trials  
Sparkling in flight  
In your arms  
For all my life.
