You ole fire  
I'm mad with desire  
you're my favorite one  
got me cookin' like a fever  
got my love runnin' for the sun  
I feel so high  
I feel like I may  
go blowin' away  
My well meaner  
my day fancy dreamer  
Oh what can it be ?  
Well it's something like a power  
like a hold and it's holdin' me  
I feel so high  
I feel like I may  
go blowin' away  
My long laster  
my soft hearted master  
ain't been born and bred  
but he's standin' in my doorway  
in my mind  
up above my head  
I feel so high  
I feel like I may  
go blowin' away
