Sappho was a poet
Billie was a real musician
Frida drew the moon
I'm going by Louise's Church
She built in the city
Art of grace & style
That could make me smile
Talk to me
Goddess of life & music
Shine on me awhile

Sappho was a poet
Billie was a real musician
Frida drew the moon

The candle at Louise's Church
Lite it for your vision
For the changes
To save the planet of ages
Talk to us
Heavenly Muse
Shine on us awhile
