My name is Eddie, I am a cat
And I sleep with one eye open
Watching the morning sail
(Morning, morning)

Someone calls Eddie up to their lap and I purred
But I'd sure like to give me my breakfast
Especially a fish tail, turn it into a fish scale

No, I'm not like you people
You wail and you wore
And you whitewashed your day away

(Where you're going?)
On my merry way
(Where you're going?)
On my merry way

Spring flower are fall, up goes the flower
Cried to run the sleep in the scenic
I like my phone now
(I like my phone now)

My name is Eddie, I am a cat
And I sleep with one eye open

(Where you're going?)
On my merry way
(Where you're going?)
On my merry way

(Where you're going?)
On my merry way
(Where you're going?)
On my merry way
