Looking for my self control
In a world that got no soul
When will I come home?

Some say, "I'm a rolling stone"
Wearing someone else's clothes
When will I come home?

Cloudy and murky is my vision
Won't you help me turn the corner?
'Cause I'm in the lost and found
Stand up and show me you'll deliver
Could you help me clear my conscience?
'Cause I wanna taste the wine

Do you believe
That love comes from the inside?
You got to believe this time
That love comes from the inside

Looking for a friend of mine
Tryin' to find some peace of mind
Happiness is hard to find

'Cause see, I've been looking for love in over wrong
faces
Hangin' around in too many places
When will I come home?

Cloudy and murky is my vision
When I'm looking for the answer
And I'm runnin' out of time
And stand up and show me, you'll deliver
Could you help me clear my conscience?
'Cause I wanna taste the wine

Do you believe
That love comes from the inside?
You got to believe this time
That love comes from the inside

Cloudy and murky is my vision

Won't you help me turn the corner?
'Cause I'm in the lost and found
And stand up and show me you'll deliver
Could you help me clear my conscience?
'Cause I wanna taste the wine

Do you believe that love?
Got to believe this time time love
And got to believe this time
(Do you believe?)
That love comes from the inside, whoa oh oh

Got to believe this time time love
(Whoo oh, comes from the inside)
Do you believe that love?
(Do you that that that that that that that, yeah ah oh)
Got to believe this time love
(Do do do do do do do do do do)
(Comes from the inside)
