Say it once, say it twice  
Just say it anyway you like it  
Just say it tonight 'cos you know  
That tomorrow's gonna be too late  
Take my life, take my heart  
Just take it anyway you like it  
Just say it tonight 'cos you know  
That tomorrow is gonna be too late  
It's gonna be too late, yeah  
If I could fly, up to sky  
I'd bring back the sunshine for you  
If I could rise to the paradise  
I'd take you with me too  
A little sign, to say you're mine  
A reason for living baby  
Without it I am gonna find  
That I need somebody  
I need somebody new  
If you could only find  
The strength inside to say  
You show me heaven baby  
Would put the wrong to right  
Would start a new day  
Everything would be alright  
I miss you, I love you  
Just say if you think you do  
Say it once, say it twice  
Just say it anyway you like it  
Just say it tonight 'cos you know  
That tomorrow's gonna be too late  
Take my life, take my heart  
Just take it anyway you like it  
Just say it tonight 'cos you know  
That tomorrow is gonna be too late  
It's gonna be too late, yeah  
I spent some time  
Confused and blind  
Just thinking about you lately  
And now it's clear I shed a tear  
I need your point of view  
You've gotta try to symbolise  
Your heart and just how you're feeling

To say the words, it doesnt hurt  
I say them all to you  
If you could only find  
The strength inside to say  
You show me heaven baby  
Would put the wrong to right  
Would start a new say  
Everything would be alright  
I love you  
Just say if you think you do  
So you want to say it once  
You've gotta say it twice yeah  
Do you want to tell me  
You gotta tell me  
Say it, say it, say it  
Say it once, say it twice
