I'm not the same, I have been changed
By the power of Christ, the truth in my life
I can't explain the difference He's made
Old things have gone, something new has begun

This is the day of my salvation
I will rejoice with a song of praise
This is the day of my salvation
I will rejoice in Christ, my salvation

I'm not the same, I have been changed
The hope that I've found has turned me around
I finally feel forgiveness that's real
This thankful heart gets a brand new start, yeah

This is the day of my salvation
I will rejoice with a song of praise
This is the day of my salvation
I will rejoice in Christ, my salvation

Come, let us be glad, come, let us rejoice
Come, let us be glad, come, let us rejoice
Come, let us be glad, come, let us rejoice
And come, let us be glad, and come, let us rejoice,
yeah

This is the day of my salvation
I will rejoice with a song of praise
This is the day of my salvation
I will rejoice in Christ, my salvation
