July flame
Firey kind
Will always lead me through the night

July flame
Sweet summer peach high up in the branch
Just out of my reach

Can I call you mine
Can I call you mine
Can I call you mine
Can I call you mine

July flame
I'm seeing fireworks
They're so beautiful
Tell me why it hurts

July flame
Ashes of a secret heart falling in my lemonade
Unshakeable thirsting in the backyard

Can I call you mine
Can I call you mine
Can I call you mine
Can I call you mine

(Can I call you mine now)
(Can I call you mine)
(Can I call you mine now)
(Can I call you mine)

(Can I call you mine now)
(Can I call you mine)
(Can I call you mine now)
(Can I call you mine)

(Can I call you mine now)
(Can I call you mine)
Can I call you mine
(Can I call you mine now)

(Can I call you mine)
Can I call you mine

(Can I call you mine now)
(Can I call you mine)
Can I call you mine
(Can I call you mine now)
(Can I call you mine)
Can I call you mine

(Can I call you mine now)
(Can I call you mine)
Can I call you mine
(Can I call you mine now)
(Can I call you mine)
Can I call you mine

(Can I call you mine now)
(Can I call you mine)
Can I call you mine
(Can I call you mine now)
(Can I call you mine)
Can I call you mine

(Can I call you mine now)
(Can I call you mine)
Can I call you mine
(Can I call you mine now)
(Can I call you mine)
Can I call you mine

(Can I call you mine now)
(Can I call you mine)
Can I call you mine
(Can I call you mine now)
(Can I call you mine)
Can I call you mine
