You don't know how I was then  
All broken up, my pride was stolen  
I lived a little lie  
I wouldn't show the hurting inside

I was living in emptiness  
I was out of love  
Guard my heart, my wall was so high

You came in with all your confidence  
You swept me away off the ground  
You taught me to fly

Holding on until the next time  
I can't get you out of my mind  
If you were a drug  
I'd be addicted to you  
Every time that we say goodbye  
I just die a little inside  
How'd I fall so hard  
I'm so addicted to you

I'm  
Addicted to you  
Addicted to you  
Addicted to you  
I'm so addicted to you

Why couldn't this be simple  
We'd live just like the other people  
Now that you're far away  
My missing is so constant heartache

'Cause those sparkles back in my eyes  
I wish I could stay just like this  
Don't want you to go

When you're far away  
Fantasize that you're in my arms  
And I jump when I hear the phone

Holding on until the next time

I can't get you out of my mind  
If you were a drug  
I'd be addicted to you  
Every time that we say goodbye  
I just die a little inside  
How'd I fall so hard  
I'm so addicted to you

Addiction, it's hitting hard  
Now it's got it's hold  
Oh, I can't let go

Holding on until the next time  
I can't get you out of my mind  
If you were a drug  
I'd be addicted to you  
Every time that we say goodbye  
I just die a little inside  
How'd I fall so hard  
I'm so addicted to you

Holding on until the next time  
I can't get you out of my mind  
If you were a drug  
I'd be addicted to you
